Re: Maltreatment to District Officials

---

Good afternoon, everyone,

Over the last month, after travelling to multiple rinks within the district, there is notably more maltreatment toward officials being observed. This is coming from the spectators, benches, and players.

Maltreatment toward the officials is unacceptable. Yelling an opinion at the official only stands to compound issues on the ice.

Officials are directed to call maltreatment and apply the rules. If spectators are crossing the line and can be heard on the ice they are to be ejected. Following all incidents of maltreatment officials shall complete a GIR within 24 hours of the incident.
